Graphics Registry)

Photo

Film (Nitrate\*      Safety     )

Number of items and description: Four (4) prints, black and white

25X1A2g

Gift xxxxx Loan      Deadline for return to field office     

25X1A2g

Date of exposure Early 1952

Background Information: [REDACTED]

Identification of Individuals or Places:

1. The great zinc slag dump at Lubumbashi, Elizabethville, Belgian Congo. One of the world's richest zinc "mines", this dump contains close to six million tons of slag; the zinc content is nearing 700,000 metric tons. 25X1X6
2. Source of the Nile River, at Jinja, Uganda. Upper left, Lake Victoria. Center right, part of the Ripon Falls. A dam is being built a little below Owen Falls, and Ripon Falls will be submerged when the dam is completed.
